

Parents,

We would like to welcome you to the Kadena Middle School Intranet web site. It offers many opportunities for you to find out what is going on at Kadena Middle School and what is going on in your child's classroom.

To view the website, access the following link: (do not forget to bookmark it once there!):

<http://www.wolverinenet.kadena-ms.pac.dodea.edu/default.aspx>

You will be prompted to log-in to the site. This is appropriate and what we want! This log-in feature makes our site more secure and ensures that only our Kadena Middle School community has access. In order to access the site, use your son or daughter's Network account credentials:

Username: First.Last

Password: 1234 (last four of your child's student number)

If prompted to enter a domain, you can ignore this request and still gain access.

If you encounter any log in difficulties, please contact the Wolverine Intranet Webmaster via email (Perry.Wilson@pac.dodea.edu) and provide your first and last name and your child's first and last name.

Of special interest is the fact that the Intranet login for your child is the same as her/his individual NETWORK login used at the school. Your child should be familiar with this login and can perhaps provide more information.

Thank you,

Perry Wilson, Kadena Middle School Intranet Webmaster

Perry.Wilson@pac.dodea.edu
